Bel Air, Maryland 21014-0797

Andrew Bernstein, MD, MPH  
Health Officer

### 2007 FLU VACCINE CLINIC LOCATIONS HARFORD COUNTY HEALTH DEPARTMENT

On average, more than 200,000 people are hospitalized from flu complications and about 36,000 people die from flu every year in the United States. Some individuals, such as older adults, young children, and people with certain health conditions, are at high risk for serious flu complications. The single best way to prevent seasonal flu is to get vaccinated each year. The Harford County Health Department encourages you and your family to take advantage of the following flu clinics:

**BEL AIR:** **SATURDAY, OCTOBER 27, 2007**  
10:00 a.m. - 2:00 p.m.
